## BIOSTIMULANTS

**Category:** Biostimulants  
**Formulation:** Soluble Liquid (SL)

Foliar Application

**VITALGROW** is a foliar fertilizer which contains a mixture of amino acids and micronutrients to relieve stress and stimulate the plant into active vegetative growth and development. **VITALGROW** can also help with flowering and setting of bulbs, grains and fruit.

**VITALGROW** is specifically formulated so that the amino acids and micronutrients are highly plant available. The amino acids also activate the plant's stress resistance pathway allowing it to deal with adverse weather factors.
